

This submission responds to the Commission's letter of January 21, 2009 regarding the committee's 2008 Post-General Report:

- 1) The report has been amended to correct this error
- 2) An offset reported from Merrill Lynch reflected payments for interest accrued from unsold stock and should have been disclosed on Line 17.

An offset disclosed for Hillary Clinton for President reflects a receipt for the sale of voter file data at fair market value and should have been disclosed on Line 17.

An offset from Erica DeVos reflects the return of payroll that was inadvertently deposited into the DNC account. The offset should have been desposited into the 2008 Democratic National Convention Committee account. The DNC will transfer these funds to the 2008 DNCC.

- 3) These items have been corrected in an amended report
- 4) A Form C-1, with accompanying documentation has been sent to the Commission
- 5) Payments for audio/visual charges, catering food and beverage, design/printing, entertainment venue & concert cost, events-meetings venue rental fee, events-misc. expense, media production, polling expenses and telemarketing services were ordinary committee operating expenses and not allocable to any federal candidate.
